

Empower You - Mentor

Are you looking to have a greater impact on your community with your skills? Do you want to pass on your hard-earned experiences to help the next generation of leaders?

JCI Sydney is launching an exciting new mentoring program designed to help passionate young leaders develop their skills and knowledge to assist them when transitioning careers.

We are looking for mentors who have previously transitioned careers or have experience in helping others develop and grow to assist mentees in taking their next career step.

All mentors will have the chance to guide and prepare mentees through their transition journey and skills development, providing a sounding board and passing on valuable experiences and lessons learnt. The program offers flexibility to fit your busy schedule, with the amount of interaction dependent on you and your mentee's needs.
